Our combination of modern technology, stringent quality control and process expertise and experience will ensure that our customers get a surfeit of choice for all their requirements.

## *Focus*

At Perfect labels and Technology, we believe in maintaining close customer relationships, it is the key to both our customers and our own success. Our solution helps customer's prime needs to satisfy the Government Law. By working in harmony with customers to evolve our progressive computing & integrated solution, we all benefit.

## *After Sales Support*

We pride ourselves reaching our customers, through our network, offer prompt and efficient after sales service to ensure zero down time.

# Brand Labels

There are millions of products and services all over the world, each claims to be the best among their category. But, every product is not equally popular. Consumer doesn't remember every product, only few products are remembered by their name, logo, or slogan. Such products generate desired emotions in the mind of consumer. It is branding that makes product popular and known in the market; branding is not an activity that can be done overnight, it might takes months and even years to create a loyal and reputed brand.

Branding gives personality to a product; packaging and labelling put a face on the product. Effective packaging and labelling work as selling tools that help marketer sell the product

# Promotional Labels

Advertising Labels / Promotional labels are primarily used for the promotion of products or services, as the label provides the brand name, product name, and its features, which makes it a strong source of advertising. These labels are economical and have the capacity to cover many desired customers for our clients. These advertising labels may be used for any sport gear, clothing range, electronic gadget or launch of any of these products. They come in customized designs and shapes with the quality and attention seeking combination.

Our alluringly designated Promotional Labels are superiorly utilized in commercial domains for advertising the products by stating brand name and product name along with their USPs.

# Food Labels

We manufacture Food Labels in roll form as well as sheet form.

By providing lively graphic designs & vibrant colors we make label one of the most elegant one. Labels are available from varieties of Label Stock i.e. mainly Chromo Paper, Mirror Coat Paper & Synthetic Materials e.g. PE, PP, PVC, Polyester Films etc.

We provide Database Software to print variable information like

Product Name | Ingredients | Nutritional Value | Batch No / Lot No | Manufacturing Date | Best Before | M. R. P. | Barcode

 depending on your calorie needs.

# Frozen Labels

When it comes to labeling frozen foods, you mustn't use anything less than strong and long-lasting weatherproof or all temperature product labels. Our **White Polyester Weatherproof labels** may be used in temperatures as low as 20 below.

Freezer grade labels are necessary for all packaged food products subjected to freezing conditions, such as **meat, seafood, ice-cream, popsicles, veggie and fruit blends, smoothies, frozen baked products, etc.**

Regular, all-temp adhesives and moderately durable stocks such as paper can be an excellent fit for food products stored on grocery store shelves, but they are likely to peel off from products that are kept in freezers.

# Barcode Printer / Ribbon & Barcode Labels

We manufacture Barcode Label in Roll form as well as sheet form.

These bar code label impressions are manufactured using quality materials such as chromo paper, PET, PE, PVC, BOPP, or as custom requirements. Our processing unit is loaded with advanced machines and printers that help in developing quick and impressive bar code labels for the clients.

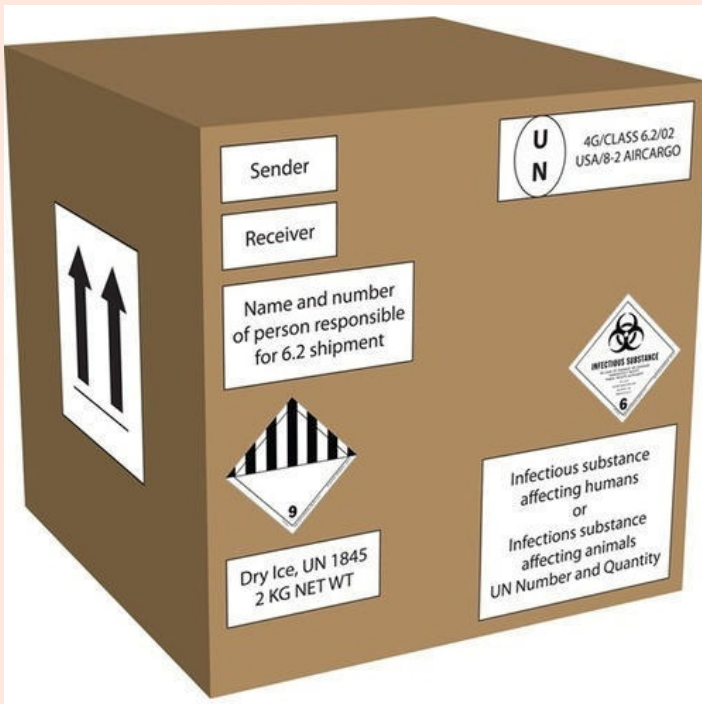

# Pharma labels

We manufacture Pharma Labels in roll form as well labels in sheet form which are available from varieties of Label Stock i.e. mainly Chromo Paper, Mirror Coat Paper & Synthetic Materials e.g. PE, PP, PVC, Polyester Films etc.

The pharmaceutical products demand quality in labels that differ from the regular labels. In order to be able to fulfill this specific need, we ensure that the gumming for the labels is adequate enough for it to withstand even extreme cold conditions. The ink used for the labels is also of a quality that matches the pharmaceutical standards and gives our clients a re-enforcement to trust in our products more than any other manufacturer.

# Box Labels / Logistics Labels

We manufacture Shipping & Logistic Labels in roll form as well labels in sheet form

Our transport and logistics label range includes; color and blank logistics labels for thermal overprinting, fully customized and barcoded tracking labels, hazard warning labels, and freight forwarding destination or identification labels.

Our Variable data and barcode labels are fully customizable by us to your exact specification, and can include perforations too.

We are Authorized GS1 Barcode Solution provider.

We also provide labels for GS1 Barcode in roll as well as in sheet forms.

They are used to encode information such as product numbers, serial numbers, and batch numbers. Barcodes play a key role in supply chains, enabling users including retailers, manufacturers, transport providers and other stakeholders to automatically identify and track products as they move through the supply chain. GS1 manages several types of barcodes such as EAN/UPC barcodes and 2D barcodes like GS1 QR code and GS1 Data Matrix.

# Cosmetics, Toiletries & Lubricants Labels

We manufacture Cosmetic / Lubricant Labels in roll form as well as sheet form.

We provide labels in the exact combination of face stock and adhesive so that your cosmetic & toiletries labels can resist the harshest of conditions. Our cosmetic Labels are durable eye catching and moisture resistant.

We stock a wide variety of paper labels and filmic labels like PE, Metalized papers, PP, PET, PVC which can be clear (transparent) or opaque and are widely been used.

# Transparent Labels

We manufacture Transparent Labels in roll form as well labels in sheet form

Transparent label printing is catching up very fast per personal care/FMCG companies. Being one of the pioneering label printers in India/label suppliers has allowed us to streamline our self-adhesive label production process so that we can offer quick, reliable, quality service with competitive pricing. These labels are durable, eye catching, practically tear-proof and moisture resistant. They are used in industries where labels have to do all the talking.

# Tamper Proof Labels

Our mesmerizingly designated Tamper Proof Labels are suitable for sticking with products as warranty seals. These labels are prudently designed by using non-toxic materials to ensure greater security and protection of your assets. To cater the particular labeling requirements of divergent industries, we provide these labels in various sizes, designs, shapes and colors. Our offered quality range of labels tailors security to the assets and peace of mind to our clients.
